Ever thought of Wrestling?

Of the many sports your child can participate in, Wrestling is perhaps the most misrepresented, misunderstood, and underrated. The ratio of participation to public awareness is remarkably lopsided. Each year hundreds of thousands of kids participate in this sport, yet the average person knows as much about wrestling as they might know about rugby or polo -- which combined, involve far fewer athletes. Wrestling is based on self-discipline, hard work, skill and determination that you will be rewarded for based on your performance against a single opponent of equal weight and age.

Wrestling equipment will be available for sale/rent at registration along with information on other locations to purchase the minimal items needed.
