Play-Well TEKologies LEGO Camp

Dream it. Build it. Wreck it. Repeat.

Kids are naturally gifted creators, then they get added inspiration from our specially trained instructors. They dive into our massive collections of LEGO. And while they build elaborate objects, structures and vehicles, they explore the fundamental principles of engineering and physics. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long-lasting.

June 22- June 26

- Pre-Engineering with LEGO 9am-12pm ages 5-6
- Engineering FUNDamentals with LEGO 1pm-4pm ages 7-12
