

*Dear Prospective SAFE HOMES Participants,*

*We all sometimes struggle with the tough questions that come with raising children. Each stage of development brings new sets of challenges. Protection and safety are ongoing concerns that seem to get more complicated as our students grow.*

*The WRHS SAFE HOMES Program purpose is to create a network of adult communication and community commitment to the safe supervision of young people. Although primarily a tool to reduce opportunities for unsupervised parties and gathering, SAFE HOMES participation helps parents initiate clear and honest communication with their students about expectations for behavior.*

*To keep our community healthy and safe, we need to maintain open communication - both with our students and with other adults. We encourage you to be included in the Washburn Rural High School SAFE HOMES Directory. Please read and discuss the agreement below with your students.*

*Then complete and submit the registration form to the main office.*
