Special Education Parent Survey

Recently, Kansas parents of students with disabilities who have IEPs and attend a public school received a notification letter asking them to complete an online Parent Survey. The survey responses are used to help guide efforts to improve services and results for children and families receiving special education services. Your responses to the 10-question survey will help guide efforts to improve services and results for children and families.

If you are a parent who received the notification, and haven't gone online to complete the survey, please do so prior to June 1st. If you have questions, please contact KSDE at [800-203-9462](tel:8002039462) or [785-296-7454](tel:7852967454). Thank you for sharing in this important process.
