WASHBURN RURAL HIGH SCHOOL'S ACTIVITIES POLICY ON ILLEGAL SUBSTANCES

Washburn Rural High School's activities policy is an extension of the District's substance abuse policy.

The Activities Policy for Substance Abuse is in effect for ALL students at Rural who participate in a KSHSAA activity. Students and their parent(s) / guardian must sign this card before being allowed to participate. The signatures provide written confirmation that the family has read and understands the guidelines set forth under the illegal substances policy. Cards will be signed annually.

My signature below indicates that I have received, read and understand the policy set forth by Washburn Rural High School in relation to illegal substances. I fully understand that my failure to follow this policy will result in consequences as stipulated in the policy.
