STUDENTS ATTENDING TALLGRASS

All students attending the Tallgrass Student Learning Center are officially students of Washburn Rural Middle School if they are 7th or 8th graders, and are officially students of Washburn Rural High School if they are 9th, 10th, 11th or 12th graders. Therefore, students who meet graduation requirements will receive their diploma and transcript from WRHS.

A TSLC student's IEP Team may determine that a student can take classes at either the WRMS or WRHS. In this situation, such student must comply and will be held accountable with all the rules, procedures, and expectations in that school's Student Handbook and the school's administration / staff expectations. Of specific note for parents/student are the rules regarding class attendance, grades, and Code of Conduct.

These students, and parents, will receive from the TSLC principal the school's (WRHS or WRMS) Student Handbook upon such placement by the IEP Team.

Disability harassment is unlawful discrimination on the basis of disability under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. All forms of racial or disability harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Racial or disability harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds. It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to racially harass any student, employee or other individual associated with the school. It shall further be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination, including harassment, on the basis of race, color, national origin, or disability. Discrimination or harassment on the basis of race, color or national origin ("racial harassment") or on the basis of disability ("disability harassment") shall not be tolerated in the school district. Racial or disability harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Prohibited conduct under this policy includes racially or disability - motivated conduct which: Affords a student different treatment, solely on the basis of race, color or national origin, or disability in a manner which interferes with or limits the ability of the student to participate in or benefit from the services, activities or programs of the school. Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile academic environment. Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of interfering with a student's academic performance or ability to participate in or benefit from the services, activities or programs of the school.

Racial or disability harassment may result from verbal or physical conduct or written graphic material.

The district encourages all victims of racial or disability harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of racial or disability harassment and take prompt corrective action to end the harassment.

Any student who believes he or she has been subject to general, sexual, or racial or disability harassment or has witnessed an act of alleged general, sexual, or racial or disability harassment shall discuss the alleged harassment with the building principal, another administrator, guidance counselor or another certified staff member. Any school employee who receives a complaint of racial or disability harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint will be reported to the district compliance coordinator. The building principal or district compliance coordinator shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure (see Board Policy KN).

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial or disability harassment under the definitions outlined above. Unacceptable student conduct may or may not constitute racial or disability harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors, which are unacceptable but do not constitute harassment, may provide grounds for discipline under the code of student conduct. The discipline of a student for violation of any provision of the code of student conduct (see Board Policy JCDA) may be enhanced if the conduct is generally, sexually or racially or disability motivated.

An employee who witnesses an act of general, sexual, racial or disability harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of general, sexual, or racial or disability harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the building or district coordinator shall report such conduct to the appropriate law enforcement or DCF authorities (see Board Policy GAAD).

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide a process to the accused.

The filing of a complaint or otherwise reporting of racial or disability harassment shall not reflect upon a student's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted or participated in an investigation of a general, sexual, or racial or disability harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee. False or malicious complaints of general, sexual, racial or disability harassment may result in corrective or disciplinary action against the complainant.

DISTRICT – STUDENT DIRECTORY INFORMATION DESIGNATED:

The USD 437 board and administration have determined that the following data will be designated "directory information".

- a. student's name, address, telephone number, date of birth, and parent's name
- b. student's participation in officially recognized school activities and sports

- c. the weight, height and grade of members of athletic teams
- d. date of attendance
- e. scholarships and awards received
- f. the most recent previous school district attended by the student
- g. audio or visual recording, photograph, or image of student

This information is considered public information, which may be released by the school district without parent's prior consent. Patrons have until September 1st to inform the school district that any or all of the directory information about their student should not be released with parent's prior consent.

HS/MS ATHLETICS PARTICIPATION

In order to participate in any activity, a student must attend at least four of his or her classes on the day of participation; or be excused from this requirement by the administration; or attend four periods the day prior to the activity if the event is an all school day or Saturday event.

An event associated with an academic class takes precedence over an extra-curricular (non-class) connected event. Any student that has been suspended from school cannot attend or participate in any school function while under suspension.

All students participating in a school-sponsored event are expected to travel with the team/group to the event. In the event a student cannot travel with the team/group, prior written approval must be granted by the principal and the sponsoring event coach/teacher. Under no circumstances shall a student transport other students to an event.

Physical forms and Emergency Medical Cards must be turned in to the office or appropriate coach or sponsor before a student may practice or participate in any school activity. (Kansas State High School Activities Association (KSHSAA)).

Participants in all KSHSAA recognized activities must conform to ALL KSHSAA eligibility regulations. USD 437 students transferring to another school district but whose parents/guardians still reside within USD 437 will be ineligible for eighteen weeks.

Students who participate or wish to participate in KSHSAA activities must successfully earn at least 2.5 credits of unit weight in at least five or more courses the semester prior to any and all such participation. [These credits can be earned off campus, i.e. college courses.] WRHS students must be enrolled in 2.5 credits of coursework. It is strongly recommended that students who participate in activities enroll in at least 3.5 credits. Credits are determined using the grades received at the end of each semester (NC's and IN's are calculated as zero credit). Incomplete grades completed after the end of a semester are not allowed to be counted for the prior semester's credit total. This is a KSHSAA rule. (Also, see Grading Policy, pp. 15-16.)

WRHS has a Substance Abuse Policy that applies to ALL participants in activities/sports. The policy is designed to attempt to help students make good decisions to not become involved with illegal substances (alcohol, drugs, and tobacco). Involvement with illegal substances at school or at school activities is covered in the school's discipline policy. Additionally, there are established consequences for participants who involve themselves with substances while they are not at school. This policy provides participants and coaches at least a minimum set of consequences that will occur when a student is believed to be and admits to being involved with illegal substances. This policy will be explained to participants and they and their parents sign a card indicating that they understand their obligation to follow the policy.

It is important to note that ANY violation of the school's substance policy OR a violation of the school's community policy on illegal substances carries a minimum of the following:

- 1st offense Loss of privilege to participate in games/contests
- 2nd offense Loss of privilege to participate in ANY sport or activity for ONE calendar year.
- 3rd offense Loss of privilege to participate in ANY sport or activity for the remainder of high school attendance.

TRUANCY

Excessive or unexcused absences may cause the student to be considered truant. Every parent/guardian has the responsibility to require their child to attend school regularly each year. After three consecutive unexcused absences, five nonconsecutive unexcused absences in one semester, or seven (7) or more days in any school year, shall be reported to the appropriate state agency. The truancy will be reported to SRS (for students 12 years and younger) or to the District Attorney's Office (for students 13 years and older).

INTERROGATION POLICY

Interrogation of a student by school officials and/or law enforcement officers shall be conducted in accordance with board policy JCAC.

EMERGENCY SAFETY INTERVENTIONS

GAAF (See GAO, JRB, JQ, and KN)

The board of education is committed to limiting the use of Emergency Safety Intervention (“ESI”), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student’s conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

This policy shall be made available on the district website with links to the policy available on any individual school pages. “Time-out” means a behavioral intervention in which a student is temporarily removed from a learning activity without being secluded.

Prohibited Types of Restraint

- Using face-up (supine) physical restraint;
- Using physical restraint that obstructs the student’s airway;
- Using physical restraint that impacts a student’s primary mode of communication;

 - Any device used by a certified law enforcement officer to carry out law enforcement duties; or

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student’s licensed health care provider, a copy of which has been provided to the school and placed in the student’s file.

Such written statement shall include an explanation of the student’s diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,
- Whether the student had a section 504 plan at the time of the incident, and whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint

with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

SECURITY CAMERAS -- Video Monitoring

TSLC buildings and grounds are monitored by closed circuit TV. Video tapes of student activities may be used for disciplinary action and/or criminal prosecution.

PHYSICAL MANAGEMENT

Physical intervention of behavior will only be used as a last resort, after non-physical strategies have been attempted. Physical management may be used under the following conditions: the student is an immediate threat to themselves, a threat to others, or poses a continued threat to property.

Every effort will be made to limit the use of hands-on intervention techniques. At all times, staff is to ensure that students are managed in a safe and proper manner. Security or Law Enforcement may be called.

METAL DETECTORS

Hand-held and a walk-in metal detector are used at TSLC as a means of providing a safe and secure learning environment for all students and all staff.

STUDENT DRIVING RESPONSIBILITIES

Some high school students attending TSLC may be allowed to drive to school **with administrator permission**. The driving privilege will be revoked if the student's IEP team determines that this privilege has a detrimental effect on the school's ability to deliver the student's IEP. (*Example: lack of attendance.*)

TRAFFIC REGULATIONS: Violation of any of the rules listed below may result in suspension from school and/or suspension of driving privileges:

1. Students are to park their cars in the EAST parking lot **ONLY** and lock them. A permit must be purchased from the high school and displayed in the vehicle.

10. Students who ride the bus are not allowed in the parking lot before or after school.

ATTENDANCE

The responsibility for attending classes lies with the student and the parent/guardian. Only through regular class attendance and a commitment to personal and educational growth can students achieve optimum benefits. Our attendance policy is not intended to penalize students who have an occasional illness or who miss infrequently for approved reasons. This policy does emphasize that students are responsible for their attendance, including excessive absences.

Parents, and/or guardians, of students who are absent are to call their local district bus transportation department as early as 6:45 AM. After contacting the transportation department, please call the school's main office after 7:30 AM. If we have not heard from a parent/guardian by 8:00 AM, school personnel will attempt to reach the parent at home or at work. If there is no verification of the reason for the absence, it will be labeled as unexcused.

Tallgrass Student Learning Center: 339 - 4270

District's Transportation Department: 339 - 4050

MAKE-UP WORK

Students are expected to complete work missed. Arrangements must be made with each teacher. If missed work is not completed, students will receive a zero for that portion of their grade.

ABSENCE FROM SCHOOL

When a student's absence extends beyond *three consecutive school days or a pattern of absences (excused or unexcused) exists, the school may request a written statement verifying the necessity of the student's absence from a medical agency, court service agency, etc.* When school officials believe a student's absences have seriously affected the student's achievement, the school will arrange a conference with the parent/guardian to determine what action to take.

Excused Absence. Some examples for excused absences are:

- a. Illness of the student which causes him/her to remain at home or a serious illness in the family demanding the student's presence at home.

- c. Family emergencies.
- d. Required court appearances.
- e. Psychological treatment.
- f. Circumstances or conditions, which, in the opinion of the Principal are appropriate.

The SCHOOL will determine whether the absence is excused or unexcused. BOE policy allows USD 437 to accept only the following as valid reasons for excusing an absence:

1. Illness – Short or long-term illness (verified by notification from doctor)
2. Medical Appointment - Appointment for medical treatment (an appointment card must accompany the student upon return and be given to the school secretary.
3. Family Crisis
4. Extended absences – (i.e.: family vacation) of the student when expressly requested by the parents or guardian and prior arrangements have been made in preparation for the absences.
5. School approved activities
6. Obligatory religious observances

Excessive Absences. If the school staff determines that a student has a total number of excused or unexcused absences that are having a negative effect on the student's ability to earn a passing grade in one or more classes, then the staff will meet with the student and/or parent/guardian to determine a

specific plan of action. This plan would include specific due dates for missed assignments, support interventions when appropriate, and a specific plan of action for the student.

Students sent home from school. Students may be sent home from school for two reasons: first, when a student has become ill or has come to school ill; and second, when a student has been displaying unmanageable behavior or has done something that has resulted in the student being suspended out-of-school. It is the parent/guardian's responsibility to transport the student home upon notification by the school.

TARDY POLICY

All tardies are classified as excused or unexcused. Students are expected to arrive to school and to class on time, be prepared to engage in active learning with appropriate assignments and materials, including textbooks, paper, pencils or pen, or project materials. Teachers will assess a 10-point fine penalty for unexcused tardiness to class. If a staff member delays you and causes you to be tardy, please ask the staff person to notify the teacher of the next class.

Unexcused Tardies To School:

Students are issued an unexcused tardy to school if they arrive after 8:00 AM without a valid notification from a parent/guardian ***that is approved and determined reasonable justification for the tardy to be excused by the principal.***

Unexcused Tardies To Class:

Students are issued an unexcused tardy to class (or lunch) if they arrive late or not prepared to engage in active learning. (Other specific behaviors that will result in an unexcused tardy are: not going directly to the next class period, going to the restroom between classes without permission, not entering the classroom with appropriate behavior.)

Promptness to school and class is needed to ensure a desirable academic climate.

- A student's tardies are immediately reported into the tracking system for attendance.
- Students and parents should frequently check for this information in the campus portal.
- When a student is tardy, they will be notified of the following consequences:
 - Tardies 6-10 cumulative tardies: One-hour detention
 - Tardies 11-14 cumulative tardies: Three-hour detention
- A student's tardy count will refresh/restart each semester and previous tardies will not be counted toward the new semester.

CLOSED CAMPUS

TSLC has a **CLOSED CAMPUS**. Once students arrive on campus for their school day, they may leave campus ONLY by permission from the main office. The following student checkout procedure will be as follows:

1. Parents are to notify the TSLC Main Office (339-4270) and explain why their student must leave campus during the day.
2. Before a student leaves campus, he/she must first go to the Main Office and check-out. No student is to leave the campus until they have been approved to do so through the Main Office. If a parent cannot be reached, the principal can give permission if there is a legitimate reason.
3. The principal will contact the district's security officers when a student leaves campus without permission or is unaccounted for after reporting to school.
4. Upon returning to school, at any time, students are to check in at the Main Office and go through the Check-in procedures.

HEALTH SERVICES

Our school nurse, located next to the office, is available to students for confidential health counseling, illness and first aid emergencies. A student should obtain a pass from his/her teacher before coming to see the nurse, except in an emergency. During the school year the nurse and health staff will conduct vision and hearing screening, as required by state law, or upon request of the parent or teacher.

Illnesses: Please do not send your child to school if he/she has been ill (vomiting, diarrhea, etc.) or has had a fever within the last 24 hours. When at school, students will be expected to participate in all areas, including physical education, unless we receive a written request from your child's physician. Please have the physician communicate with the school nurse if the inability to participate will be lengthy. NOTE: Missed physical education classes (even with a physician's excuse) will need to be made up in order to receive credit since the grade in physical education class is based mainly on participation.

Immunizations: All students must have written proof (from a physician or health department) of the state required immunizations before enrolling for the school year. Failure to provide said proof will result in the student not being allowed to enroll and/or allowed to continue attending. The school nurse can provide further information on medical and religious exemption.

Medications: Students taking medications (prescriptions and over-the-counter) at school must bring the medication to school in the prescription bottle that indicates the dosage level and times of day to be given. Once medications for a student have been sent to school, we cannot release them to anyone but a parent/guardian or someone who has written parental consent. Students should not bring any other medicines (prescription or otherwise) to school in their pockets, purses, etc. Any such medicine brought will be confiscated.

Health Procedures: Any student requiring finger sticks for glucose monitoring and/or insulin injections will be required to perform those procedures in the school Health Room under the supervision of the Health Room staff or their designate.

BREAKFAST/LUNCH

Breakfast and lunch will be served on site. Students will remain in the lunchroom and follow rules and procedures stated by administration.

TELEPHONE CALLS

STUDENTS ARE NOT ALLOWED TO USE SCHOOL TELEPHONES. Students may receive phone calls in the main office, but only in emergencies; otherwise a message will be taken. To use an office phone, the student must have permission from the principal. Staff will dial telephone numbers and verify reason for use.

EMERGENCY DRILLS

Every school must conduct emergency drills, including crisis drills that cover intruder responses and lockdown procedures as mandated by the State of Kansas. Schools must conduct fire drills, tornado drills, and a series of crisis drills.

Fire Drills

The fire drill warning will be the sounding of the fire alarm. Students and staff should exit the building in a quick, but orderly manner once it has been announced to do so from the office. Teachers will account for all students once they have moved a safe distance away from the building. Administration will notify all when it is safe to return to the building. All fire exits shall be posted in each classroom and other areas.

Tornado Drills

The tornado warning shall be the sounding of the “severe weather alarm”. The designated shelter areas for tornadoes shall be posted in all classrooms and other areas. When the severe weather signal sounds, all students and staff shall move quickly and quietly to their designated areas. Students are to assume the sitting position with their back toward the wall, head down, knees up and hands/arms covering their heads. If a tornado occurs without adequate warning, teachers will move students as far from doorways and windows as possible, and get them as low as possible. Students are not to leave the shelter areas until the all clear signal is given. Teachers should account for all students after the conclusion of the drill.

Secure Campus

If there is an external threat in the vicinity of the school area, administration will announce that the school is following our Secure Campus protocol. All exterior doors will be locked, including the main entry. All students and staff should remain inside the building, and those outside should return inside in a quick, but orderly manner. All activities within the building should continue without change. Once the threat has been omitted, an “all clear” announcement will be made by office staff to resume all normal activities, including outside.

Lock Down

If there is an imminent threat on the school premises or within the school building, administration will announce that the school is in “Lock Down” mode and will follow set procedures. Our school follows the “Run, Hide, Fight” system approved by Homeland Security and the Federal Bureau of Investigation. Teachers and staff will enact any of the three options depending on the circumstances presented.

Evacuations

The school also has procedures in place for evacuation purposes, including, but not limited to fire, gas, chemicals, explosions, or hazardous materials. Alternate locations have been identified, including off-site destinations. Procedures and locations will be utilized as needed depending on the emergency.

AUTHORIZATION TO PICK UP STUDENTS

In order to avoid problems getting students home at the end of the day or to appointments during the day, anyone other than a parent picking up a student requires a verbal authorization from the parent **to the TG main office**. For someone other than parents to pick up a student, please call the school's office (339-4270) stating the authorization and specifically indicating whom has authorization. Written notification alone is not allowed due to the restricted setting of the school. Verbal confirmation with a parent is required for the student to be released. The school will make attempts to assist this verification if the situation allows. Once verified, the office will issue to the student a building pass authorizing the student to leave the HS/MS property.

STUDENT CHECK-IN PROCEDURES

In order to help increase the safety of all students and staff, all students will be scanned with a metal detector each day. Each daily check-in event is held in a positive manner to not only assist in providing a secure learning environment, but to also greet and welcome the students to the school. Upon arrival at school, the students will be asked to follow the school's check-in procedures to ensure the student is school ready. School ready means all materials are turned in from their person

Daily procedure:

1. Students will place all belongings on the check-in cart.

2. Students must empty all of their pockets, remove any metal items and demonstrate that they are empty to the check-in staff.
3. The student walks through the metal detector. If the metal detector isn't activated the student is free to enter the building. If the metal detector is activated during the scanning, the student will again be asked to remove and give to the staff any object from their person. Step 3 is repeated until the metal detector does not activate.
4. If the student refuses, or if the metal detector is activated again after the student claims he/she has no more metal containing possessions, the student will be told that the next step is to exit the check in area until they comply. The student will be given another chance to turn in all possessions. Students that do not comply or do not complete the security check-in procedure will not be allowed to enter the building. Under certain circumstances the student will be kept supervised in a containment area until district security arrives to assist. Violation of the school's check-in procedures will result in In-School or Out Of-School Suspension. If a weapon, drugs or drug paraphernalia is found, the school administration staff will notify legal authorities and will handle the incident as dictated by state and federal law and by school policies, JCDBB: Weapons, and JDD: Suspension and Expulsion Procedures.
5. Staff will place all personal items and valuables from the check in procedure into the secure restricted area, to be stored during the school day. Any containers, purses, and other possessions the student brings may also be searched / checked. Students may have access to these at appropriate times during the day. Those possessions that are not allowable (ex. lighters, cigarettes) will be held until a parent or guardian retrieves the items from school. In some cases, property may not be returned.
6. Unopened drinks with a twist cap bottle are allowed with the student during the day and given back to the student after completion of the check in procedures. Drinks that are not allowed with the student during the day are fast food drinks, or colored drinks such as red, blue or purple. These drinks must be consumed prior to entering the building or held in the student locker in the secure restricted area.

STUDENT SALES

The sale of non-school sponsored fundraising items is prohibited.

FIELD TRIPS

In order to enrich the school program, teachers may arrange for field trips for the students. All field trips off school property will require a permission form be signed. Students may not participate in this activity unless parental/guardian gives permission. The school's behavioral level system may determine the student's participation in any field trips.

MS/HS DANCE PARTICIPATION

Students at the TSLC may participate in student life activities at the WRMS and WRHS. Students at TSLC in the 7-8th grades may participate at the WRMS and students in the 9-12th grades may participate at the WRHS. To participate, students must meet the following TSLC requirements.

1. Notify the main office of your desire to attend.
2. The TSLC principal must receive confirmation for the student's attendance from the hosting school (WRMS or WRHS).
3. Upon the TSLC principal's approval, the school will purchase a dance admission ticket if one is required for the student's attendance. The student must provide the money for this ticket.

4. Be in good behavior standing at TSLC. The student must be on Level 3 at the end of the school day for which the dance occurs. If the student received a ticket they purchased in advance, but does not meet this requirement, then the ticket price is not refundable and is forfeited.
5. Meet any specially assigned requirements that the principal deems necessary for an individual student.
6. Follow all WRMS or WRHS school rules while at the dance.
7. The TSLC principal assists WRMS and WRHS principals supervise all attending TSLC students while at these dances. If the student's behavior is not appropriate, the student will be removed from the dance and be assigned appropriate consequences.
8. *Parents/guardians are responsible for timely transportation for the student.

SEARCH OF STUDENTS AND PROPERTY

As stated in this handbook's section on Student Check-In Procedures, all items that students of the Tallgrass Student Learning Center bring to the school building are searched as part of the daily check-in process for all students.

1. School officials have the right to search student's person and property on school premises, with reasonable suspicion.
2. School officials have the right to search student lockers at any time.
3. The school supports and encourages the Shawnee County Sheriffs' department in cooperation with other law enforcement agencies, to conduct random canine searches of lockers and possibly book bags, purses and other personal items, as well as the parking lots, for illegal drugs and/or weapons.

STUDENT REWARD STORE

The points that the student has earned on their Daily Point Sheets can be used to purchase items in the store. The Student Store is offered on Fridays. Students may earn bonus points throughout their day when recognized to demonstrate appropriate communication, movement, and participation in the academic and social expectations.

MATERIALS BROUGHT TO SCHOOL

Due to the restrictive and highly structured environment of the TSLC, many restrictions are in place to ensure student safety and the integrity of the learning environment of the classroom.

Personal Items: Students should not bring personal items to school. The TSLC provides all materials necessary for students to learn and enjoy the school. The school provides notebooks, pencils, paper, etc. as needed. Any personal items (i.e. electronic signaling devices, magazines, books, wallet/purse, keys and/or keychains, hygiene items, etc.) brought to school must be checked in upon arrival to school. Items not approved may be held until parent/guardian retrieves them. Cigarettes, lighters, vaping devices and other contraband will be disposed of and not returned. Students will be issued a citation from school police for having tobacco under age.

Money at School: Students should not bring money to school unless they are adding money to their meal account. Students can only purchase food items via their meal account. The school does not have the means or district procedures to accept cash during a food serving situation. There are no situations where students can use money to purchase other items. This includes on field trips or class outings. The school does not have vending machines.

ACADEMIC INFORMATION

POST SECONDARY EDUCATION OPPORTUNITIES

Students are encouraged to visit the Main Office to discuss post-secondary plans. The High School Guidance Office maintains a library of materials describing various post secondary opportunities. The students are encouraged to read the materials and visit with the guidance counselors about post secondary plans. These arrangements can be made with the principal.

TECHNICAL EDUCATION

Today, a high school diploma alone is no longer adequate for the jobs of tomorrow. Many jobs will require technical knowledge as well as problem solving, decision making and teamwork. Even though successful completion of WRHS graduation requirements will allow a student to enter college, this is not necessarily the best option for every student. Today's students must seriously consider the need for at least 14 years of formal training and a commitment of lifelong learning. Whether students attend a technical school, a community college or a four-year university, they should acquire the skills that will be necessary for success.

RECOMMENDED HIGH SCHOOL COURSES FOR COLLEGE PREPARATION

The high school preparation necessary for college will vary, depending mainly upon two factors: (1) choice of college or university, and (2) choice of major. Since few high school students are completely sure of these factors, it is recommended that they take as many college prep courses as possible in high school so that their choice of a college and of a major may be kept as broad as possible.

KANSAS BOARD OF REGENTS REQUIRED HIGH SCHOOL CURRICULUM

Admissions Requirements: To qualify for admission to any of the six Kansas Regents universities, you must meet one of the following requirements:

- Complete the pre college curriculum with at least a 2.0 GPA on a 4.0 scale, or;
- Achieve an ACT score of 21 or above, or;
- Rank Graduate in the top one-third of your high school's graduating class

Pre-College Curriculum: One way to meet university admission requirements is to successfully complete the precollege curriculum as outlined by the Kansas Board of Regents. The following outlines the high school courses that are required to meet the requirements for admission to any of the Kansas Regents universities.

NOTE: 1 unit = 1 year

English – 4 units required

At least one unit of core (KBOR) English or language arts must be taken each year of high school. Courses taken in Journalism, Speech, Debate/Forensics, English electives and/or Drama will not count.

Natural Science – 3 units required

Students must take three units chosen from the following course areas. At least one unit must be in chemistry or physics. There are no exceptions or substitutions for this.

- Biology - Advanced Biology (2nd year) - Chemistry
- Physics - Agri-Science

Math – 3 units required

Students must take one unit each of Algebra I or higher (taken in grades 9-12, Algebra II, and Geometry. Completion of any of the three before entering high school counts toward satisfying the requirement for that course.

ACT & SAT

ACT (American College Testing) and **SAT** (Scholastic Aptitude Test) for college-bound juniors and seniors. Most colleges require one or the other of these tests for admission. Universities in the Kansas Regents System accept the ACT for admission. Students should find out what test is required by the college or colleges they are considering and register to take the appropriate test(s). Registration deadlines are approximately 4 weeks ahead of test dates. It is the student's responsibility to complete the registration online at www.act.org and/or www.collegeboard.com. It is recommended that these tests be taken either in the spring of a student's junior year or as early as possible in the senior year. This is especially true if the student is applying to an out-of-state college or if the student is applying for some scholarships or other types of financial aid. Taking the test early also gives students more opportunity to retake the test if they need to try to raise their scores. This is especially important if a student's first set of scores is slightly lower than those required for admission to a college, meeting a scholarship standard, or participation in intercollegiate athletics at a NCAA Division I or Division II school.

The TSLC main office will provide registration deadlines and test dates.

KANSAS ASSESSMENT TESTS will be given in academic areas according to state guidelines. These assessments are designed to measure student achievement.

MS PROMOTION / HS GRADUATION EXERCISES

Eighth grade and twelfth grade students at the TSLC may participate in the assigned graduation/promotion exercises for their grade level. Eighth grade students may participate in the WRMS Eighth Grade Promotion and twelfth grade students may participate in the WRHS Graduation Exercises. TSLC students must meet the assigned school's requirements to attend.

WRHS GRADUATION EXERCISE PARTICIPATION: To participate in the Commencement ceremony a student must have successfully completed the graduation requirements set forth by the Kansas State and USD #437 Boards of Education. While the IEP Team has the primary responsibility of tracking each student's progress toward graduation requirements, students are expected to monitor their own progress by periodically checking with the principal in regards to timely completion of all graduation requirements.

A student that is one unit of credit short may still participate in the graduation ceremony. Students who do not have the required number of credits are encouraged to enroll in summer school, night school, or a correspondence program. The student will receive a diploma when the graduation requirements have been completed and recorded on the transcript. Students under suspension or expulsion will not be allowed to participate in the graduation ceremony of WRHS.

WRMS PROMOTION EXERCISES: To participate in the Promotion ceremony an 8th grade student must successfully complete the 8th grade. The student will receive a promotion certificate and have their name called at the ceremony. Permission to participate in the ceremony from the TSLC and WRMS administration is required. Students are expected to be in good behavior standing.

TRANSCRIPTS

FEE: WRHS will mail, at no charge, transcripts to universities and colleges upon proper request. A written or in person request must be made when a transcript is requested for personal use. A charge of \$1.00 will be assessed for transcripts requested for personal use.

TRANSFER CREDITS: TSLC will accept all transfer credits from other accredited high schools and middle schools.

GRADING POLICY

The grading policy is based on the belief that all students can learn and succeed. Students may learn at different rates and in different ways. The school has clarified the instructional strategies, learning activities, and the system for assessing student learning that align with the approved learner outcomes. Learner outcomes, minimum requirements outlined for each course, reflect the school's high expectations. Appropriate interventions will be implemented if a student does not achieve the minimum requirements. The grading and reporting of individual achievement is based on demonstration of meeting the outcomes found in the approved program and/or the students individualized educational program.

Letter grades will be defined as follows:

Grade of 'A'	Average of 89.5% and above
Grade of 'B'	Average of 79.5%-89.49%
Grade of 'C'	Average of 69.5%-79.49%

Grade of 'INC' Incomplete: Coursework is not complete. A student has ten school days (Monday-Friday) from the end of the grading period to complete coursework (exceptions: long medical absences, performance contract, IEP). A grade of 'INC+' will change to a 'C' if the student does no additional successful work within the ten day period. A grade of 'INC-' will be changed to a 'NC' if the student does not do the necessary work successfully within the time allowed. 'INC-' should give a clear message to the student and the parent that, without further work being done, the student will not receive credit. Grade of 'NC' means

It is the teacher's responsibility to notify the office as soon as an INCOMPLETE (INC) is changed to a passing grade. The student should check with the teacher and TGLC Principal to insure this has occurred.

HONOR ROLLS

All students at the TSLC are eligible for either the WRMS or WRHS honor rolls. WRMS students at the TSLC must meet the WRMS requirements and WRHS students at the TSLC must meet the WRHS requirements. The TSLC main office will assist and notify the student and parents if honor roll requirements have been met. Each is listed below.

WASHBURN RURAL HIGH SCHOOL HONOR ROLLS:

HONOR GRADUATES: A Senior with a cumulative 3.650 GPA or above at the end of seven semesters will be designated as a HONOR GRADUATE and will wear a Gold Cord at Commencement. Seniors with a cumulative 4.00 GPA or above at the end of seven semesters will be eligible for outstanding scholar recognition.

HONOR ROLL EACH SEMESTER: To be eligible for the **Outstanding Scholar Roll**, a student must be enrolled full time (7 classes or 3.5 credits attempted, this includes college classes taken to be considered a full time student) and have a grade point average of 4.00 or higher (A = 4, B = 3, C = 2). To be eligible for **High Honor Roll**, a student must be enrolled full time (7 classes or 3.5 credits attempted, this includes college classes taken to be considered a full time student) and have a grade point average of at least 3.65. To be eligible for **Honor Roll**, a student must be enrolled full time (7 classes or 3.5 credits attempted, this includes college classes taken to be considered a full time student) and have a grade point average of at least 3.30. Pass-Fail courses will not be counted in the average; however, such courses do count toward full time enrollment. Students enrolled in Washburn Institute of Technology will have the letter grade counted for each of the hours attended per day. At the time the honor roll is calculated, any student who has an Incomplete (INC) is not eligible to be on the honor roll.

WASHBURN RURAL MIDDLE SCHOOL HONOR ROLLS:

Honor rolls will be determined at the end of each quarter according to the following criteria:

"A" Honor Roll: 4.0 GPA for the quarter
High Honor Roll: 3.65 – 3.99 GPA for the quarter
Honor Roll: 3.30 – 3.649 GPA for the quarter.

WRHS ACADEMIC LETTERS

Requirements to obtain an Academic Letter are as follows:

- A. 3.650 and above grade point average maintained for each of the two semesters for one academic school year. No grade lower than a "C" is allowed.
- B. Students must be enrolled in a full schedule.
- C. Students receive one white chenille "W" for their initial lettering.
- D. Students will be eligible to receive a recognition bar for each additional year of qualification.

E. Awards will be presented in the fall of the following school year.

ACADEMIC PROGRESS REPORTS

The classroom teacher writes student academic progress reports. The parent/guardian and the student will receive each teacher’s progress reports each quarter. The student progress report aids in establishing communication between the school and home. More importantly, it gives the student up-to-date information about their progress in each class.

CLASSROOM PROCEDURES

Classroom policies and procedures are formulated by the teacher and approved by the administration.

STUDENT CONDUCT

The essential ingredient in the operation of a school is self-discipline. Students are expected to conduct themselves in a manner that will not interfere with the rights of others and are expected to be responsible for their own behavior. Each student should read this handbook.

Staff is willing to discuss any questions you may have about what is expected of you. Many things will make our school successful. Faculty members believe that one way we allow for success is by communicating with each other about our students. We frequently visit with each other regarding student programs and individual students.

It is not our intent to provide a complete list of behaviors or guidelines that are to be followed. In general, appropriate student behavior will be reinforced; inappropriate student behaviors will not, and, there may also be penalties ranging from a warning to a suspension, for inappropriate behavior.

USD #437 district policies will be followed.

STUDENT BEHAVIOR POINT SYSTEM

All students at the TSLC are on the school's point system. This point system reflects a student's behavioral and academic performance. Points are earned for appropriate communication, movement, and participation, based on CHAMPs, a proactive and positive approach to classroom management, by Randy Sprick's Safe & Civil Schools. (See Appendix A)

Point Sheets: Students will have a point sheet that will be completed by staff each period of the school day. Students may not mark on or disrupt the point sheet in any way. Point sheets are not the property of the students, but rather, an official school document.

COOL-DOWN PROCEDURES

The school has two Cool-Down rooms located in the hallway areas of the school, and the ACE room in the office. Each room is locked until a student has gained permission from a staff member in order to ensure the proper use and necessary staff coverage is available.

The use of a Cool-Down is designed to be a time away from the regular school program without distractions or interactions from other students. It is used as a behavior intervention (Teacher Requested Cool-Down) or it may be used as a student's self-management of behavior technique (Student Requested Cool-Down). The staff member may interact with the student to assist the management of the behavior. A staff member accompanies all Cool-Downs to the Cool-Down room(s) and supervises the student. The staff member will return the student to the classroom when the student has shown they are regulated and are classroom ready. The principal or school social worker will be contacted if the student's inappropriate behavior continues.

Student Requested Cool-Down: This is a request made by a student to leave the classroom setting for 5-15 minutes so that they may gain control of their actions or emotions. This request will be approved if a room is available, staff member is available and the request deemed valid. The student may return to the setting without additional consequence if the Cool-Down procedures are followed and the student is able to bring their behavior back to appropriate expectations.

Teacher Requested Cool-Down: This is a directive made by staff for the student to leave their current setting and go to a Cool-Down room. This usually occurs when the student's behavior is too extreme for the setting. The student may return to the setting without additional consequence if the Cool-Down procedures are followed and the student is able to bring their behavior back to the appropriate actions.

Students that do not improve their behavior after a Cool-Down, or several such attempts, will be referred to the principal and/or the ACE room.

BEHAVIOR REFERRALS

Staff members may assign to a student a Behavior Referral for excessive behavior. These referrals are often used after multiple attempts from staff have been made to assist the student to correct inappropriate actions. (However, a student's single behavior event can result in a referral. If needed, the principal assigns additional consequences and requirements to the student. Parents/guardians are notified of the situation.

DESTRUCTION OF PROPERTY

Whenever a student damages, defaces, or breaks any school (or state) property, the student/parents may be sent a bill for the repair of the damage or replacement of the property. Students may have to stay after school to help in the repair of some property (for example, painting over graffiti on a wall, patching a hole in the wall). In some situations, the sheriff may be notified and a report filed. Student may also receive an Out-Of-School Suspension.

LEAVING SCHOOL WITHOUT PERMISSION

Students are expected to be in the designated area during school day. Since safety and well-being of each student is our primary concern, any student who leaves school grounds without permission may be assigned an Out-Of-School Suspension. Parents/guardians will be notified immediately. The district's security personnel are contacted immediately.

FIGHTING AND OTHER DISTURBANCES

Malicious and/or willful attempt or action to injure or damage a person or property including fighting or throwing objects are prohibited everywhere. Such behavior may result in Out-Of-School Suspension. Such behavior may also result in the security and/or sheriff being called and a report filed.

DRESS AND PERSONAL APPEARANCE CODE

The general atmosphere of a school must be conducive to learning. If a student's appearance attracts undue attention to the extent that it may become a disruptive factor in the educational process, the principal will ask the student to make the necessary changes. In the event that the change does not take place in the time allowed, the administrator will prescribe the disciplinary action.

The following list is not all-inclusive:

- No clothing or body adornments with offensive, sexually suggestive, vulgar, profane, ethnically derogatory messages, pictures, or symbols, depictions or styles of Satanism, illegal substances, drug paraphernalia, tobacco, or alcohol.
- No articles of jewelry, or articles on clothing, which are potentially hazardous, such as chains, removable straps, or studded bands, or have sharp points, etc.
- No clothing, markings on clothing or person, or styles identified to be associated with gangs or gang activities.
- No outdoor clothing or accessories, such as headgear, capes, blankets, hoodies, sunglasses, jackets or coats that make it difficult for staff to quickly identify students or which may pose a danger, distraction, disturbance to the school environment is allowed.
- No short-shorts or short skirts.
- All pants and shorts are to be worn at the student's waistline (i.e., no sagging). Belts will be provided to assist students if available.
- All tops and shirts must have a full front and back, full sides and over the shoulder straps (i.e., no halter tops, tube tops, bare midriffs or tank tops without sides or any other revealing clothing).
- Excessive make-up or colored hair is not allowed.

The final determination as to whether clothing or appearance is acceptable or not will be made by the administration. The basis for this judgment is if the clothing is deemed to be a distraction to the

educational environment. Students that do not meet the dress/appearance code will not be allowed to enter the learning environment. Students will either be assigned to the **ACE** Room or Out-Of-School Suspension. In all instances, parents/guardians and the students are expected to support this code and send their student to school in appropriate appearance. (Parents/guardians may be asked to supply proper clothing so that their student may continue in the school day based upon the principal's decision.)

GRAFFITI

Teachers may not accept papers or assignments that have graffiti on them. A teacher who receives papers with graffiti will turn those papers in to the principal. A consequence will be given to those students who do not comply with this rule. Staff will not accept point sheets that have graffiti on them.

OBSCENITY / PROFANITY

Profane or abusive language is inappropriate. The use of racial slurs and/or slang terms are prohibited under all circumstances. Profanity or obscenity printed on clothing or material is also not permitted. The staff will make the final decision as to whether something falls in this category.

ACADEMIC DISHONESTY

Students in school will have many opportunities to become actively involved in the learning process. The benefits derived from original learning can be great. Students who are engaged in study will be responsible for doing their own work. In the event that students are found to be involved in academic dishonesty (i.e., cheating, plagiarism, etc.) they must realize that serious consequences will follow. No credit grade will be awarded for the assessment in which the dishonesty occurred, and no opportunity to re-do the assignment will be given.

THREATENING BEHAVIOR CONSEQUENCES

Incidents of students threatening or intimidating other students will not be tolerated. Threats may be either verbal (example – I'm going to kick your butt...etc.) or physical (example – shaking a fist in someone's face, kicking at someone without hitting them, etc.). Because of the serious nature of these and the inappropriate behaviors they may cause, the consequence for making a threat (verbal or nonverbal) toward another person, students may be assigned Out-Of-School Suspension and/or law enforcement will be contacted.

BEHAVIORAL CONSEQUENCES FOR ASSAULT BEHAVIOR

Some forms of threatening behavior may be considered assault, from a legal perspective. When someone makes a threatening remark or acts in a physically threatening manner toward another person, and the other person is in fear because he/she believes that he/she is at risk for injury, then a legal assault has occurred. Consequences for such behavior may include suspension and filing a report with the Shawnee County Sheriff's Office.

AGGRESSION / INTIMIDATION TOWARD STUDENTS OR STAFF

Physical aggression or intimidation toward other students or staff will not be tolerated. Such behavior may result in an extended Cool Down or Out-Of-School Suspension. In some situations, district security may be called and a report filed.

STUDENT ACCIDENT INSURANCE

If a student is injured during the school day or while participating in a school activity, the District has catastrophic accident insurance to cover expenses exceeding \$25,000. The coverage is supplemental to any insurance you may have on your student and pays only after the student's personal insurance coverage has responded. The District insurance is catastrophic only. In the event you do not have any insurance coverage, you will need to provide a signed letter stating that when you submit the claim form. The Business Office only sends out insurance claim forms upon request

from the parents of the student, not for every accident report. Please be aware that all claims must be reported by you to the insurance company within 60 days of the accident. If you have questions about the insurance coverage or the procedures for filing a claims, please call the Business Office at 339-4000.
