WRHS
COMPUTER SCIENCE HONOR SOCIETY PRESENTS
SUMMER CODING CAMPS

GRADES 3-4
JULY 8TH - 11TH
8:00 AM - 10:00 AM

Students will learn the basics of computer science, participate in hands-on projects, use the Sphero Bolts, Cobo Block Robots, Cubelet Robots, and Edison Robots, discuss why technology is important, learn the difference between hardware and software, and more!

Early Registration – $60 by May 10
Registration Cost – $75 after May 10

GRADES 5-6
JULY 8TH - 11TH
10:30 AM - 12:30 PM

Students will be introduced to block–based programming in Scratch to recreate popular games, learn how to use the Sphero Bolts, RVR+ Robots, and other robots to solve basic mazes, learn the Python programming basics, create their first coding project, and more!

Early Registration – $60 by May 10
Registration Cost – $75 after May 10

GRADES 7-9
JULY 8TH - 11TH
1:30 PM - 3:30 PM

Students will discuss the basic needs to run and create programs, learn the basics of HTML, learn the basics of programming in Python and JavaScript, making projects and solving problems using code, understand and learn how to use IDEs, and more!

Early Registration – $60 by May 10
Registration Cost – $75 after May 10
