

# Auburn-Washburn Summer Learning Opportunities 2021

Dear Auburn-Washburn Families,

Auburn-Washburn's mission is to provide a world-class educational experience for our students. The challenges of the pandemic may have impacted our students' acquisition of skills, opportunities to apply those skills, feelings about school, and social relationships. The purpose of this summer program is to provide extended learning, application, and connections. Teachers have packaged learning opportunities into fun formats to engage students in new and different lessons.

These learning opportunities are free of charge to students enrolled in the Auburn-Washburn district. All teacher leaders are certified teachers from our district. Materials and learning objectives are aligned to the Board of Education curriculum and materials. No transportation services are provided.

We are pleased to offer this varied collection of opportunities for our students. To sign up for an opportunity, click on the title of the experience and fill out the form with the necessary information. If an opportunity has multiple sessions, please click on the link for the session to sign up. You will receive information about the opportunity from the teacher leader who is offering the learning experience. If enrollment is full in an opportunity, the form will not be available. You will also find a note saying **Session Full**. If a session is full, you are welcome to email the teacher leader to be added to a waitlist for that opportunity. If a spot comes open, the teacher leader will be in contact with you.

If you have questions about the content or format of any of the offerings listed here, please contact the teacher directly. You can find email addresses linked to each opportunity. If you have questions about the program as a whole please contact Ms. Jessica Sanders, Summer School Principal at [sandejes@usd437.net](mailto:sandejes@usd437.net).

<p>Minecraft Creation Camp <b>Session Full</b> Campers will use the creative mode of Minecraft to build replicas of buildings and landmarks from around the world. They will research famous landmarks and then work individually or as a team to replicate those in the Minecraft world. These creations will be planned out and constructed during our camp time, but they can continue to add to them and expand them once camp is over. Students will need to have a device (laptop, Switch, portable gaming system) with the game already loaded. It can be downloaded at <a href="http://minecraft.net">minecraft.net</a>. We will work on thinking abstractly, modeling teamwork, planning our builds, and encouragement as we learn from each other and expand the Minecraft world!</p>	Indian Hills Elementary	June 21 - 24, June 28 - July 1st  12:30 - 2:30pm	<a href="#">Russell Fawl</a>	3rd, 4th, and 5th	30
<p>Pokemon Camp <b>Session Full</b> Pokemon Camp will be a fun, interactive, and cool camp where your child will try their best to catch them all! During camp we will use basic math facts as we determine the health, power, and defense of Pokemon. We will also use basic writing skills to record the adventures of Pokemon. Students will create a personalized Pokeball at the end of camp. Students are encouraged to bring Pokemon games and trading cards. We will teach them how to battle, provide tips to improving your play, and model good sportsmanship.</p>	Indian Hills Elementary	June 7 -11 and June 14 -18  12:30-2:30pm	<a href="#">Russell Fawl</a>	3rd, 4th, and 5th	30
<p>Ready, Set, Go Play!! Get up and get active, set personal and team goals, and learn through play. Each week of camp will be based on a different theme and will allow campers to experience the nostalgia of games their parents used to play! We will play recess games, team games, water games, and Olympic-themed games all while focusing on teamwork, encouragement, perseverance, and positive attitudes. We will practice math facts and discover how science is linked to physical activity. We will also use Second Step topics to build positive relationships and confident, caring individuals!</p>	Indian Hills Elementary	Week 1 June 7 - 10 <b>Session Full</b> Week 2 14-17, <b>Session Full</b> Week 3 21-24, <b>Session Full</b> Week 4 28-July 1 <b>Session Full</b>  Sign up for 1 week or all 4! 8:30-11:30am	<a href="#">Erinn Bradstreet</a> & Russell Fawl	3rd, 4th, and 5th	30

<p>Create Your Kindness Character! Let's get creative and make our very own kindness creature. Spinning off of the story The Warm Fuzzy we will use paper mache to create our own kindness character. Students will get to design and create their very own character. Each student will also have the opportunity to write or tell about their new friend. As a culminating activity our group will decide on an act of kindness to complete for our community. This session will be repeated each week.</p>	Indian Hills Elementary	<p>June 7-10 <b>Session Full</b> 1:00-3:00pm</p> <p>June 14-17 <b>Session Full</b> 1:00-3:00pm</p> <p>June 21-24 <b>Session Full</b> 1:00-3:00pm</p>	<a href="#">Jamey Andrews</a>	Kindergarten, 1st, 2nd	6
<p><a href="#">Using Fitness, Math, and Science to Prepare for Middle School Athletics</a> Are you nervous about trying out for middle school and high school sports teams? Do you want to improve your fitness level while also learning about the science of human body performance? Do you want to learn how to use math to chart your progress as an athlete? Maybe this class is for you. We will be learning proper form for body-movement exercises and stretching. We will learn about what the human body is capable of doing by studying muscle systems and the cardiovascular system. We will learn how to chart our progress as we improve our physical performance. Be prepared to work out hard and learn some interesting information about your own body's abilities. Maybe this would be the first step in a career in physical training, therapy, or sports medicine.</p>	Indian Hills Elementary	<p>June 7-10 9:00-11:30am</p>	<a href="#">Kyle Nelson</a> & Jeff Kerr	4th, 5th	30

<p>1st Grade Phonics and Reading Club <b>Session Full</b>            If you are wanting your child to continue reading and learning throughout the summer, this session is for you! The first hour of this session will be an overall review of the phonics and reading skills we have worked so hard on this year. This will hopefully help prevent your child from losing those hard earned gains they made this year! The second hour we will have fun reading, writing, and art activities that will be based around exciting children's literature.</p>	Wanamaker Elementary	June 7-10, 14-17, 21-24, 28-30 8:30-10:30am	<a href="#">Stancy Macha</a>	1st	10
<p><a href="#">Calming My Inner Worries</a>            Is your child feeling anxiety and stress regarding academics, "getting through" the school day, and interacting with peers? Is your child frequently complaining of stomach aches before going to school? Saying they "just don't like school" even though they are meeting academic expectations? Irritable and having anger outbursts? Constantly worrying and using negative self-talk? Through games, activities, and practice, students will learn ways to help recognize and calm their anxiety and worry around social and academic triggers. They will learn some positive self-talk phrases to help them regain confidence and help them focus on the positives. Instruction will be based on The Zones of Regulation and GoZen curriculums.</p>	Wanamaker Elementary	June 7-10th; June 14-17th 10:30-11:30am	<a href="#">Kristin Hauser-Kromminga</a>	2nd, 3rd, 4th	5
<p>Phonics is Fun <b>Session Full</b>            I will be offering lessons to help students strengthen their phonics, reading and writing skills. This Course is targeted for students who need additional help in these areas.</p>	Wanamaker Elementary	June 7-10, 14-17, 21-24, 28-30 9:00am-11:30am	<a href="#">Malessa Molina</a>	2nd, 3rd	8
<p>Recognizing My Emotions <b>Session Full</b>            Is your child having meltdowns but can't use words to tell you how they are feeling? Are they easily upset and have difficulty calming down? This opportunity will focus on helping younger students recognize their feelings, deal with frustrations, and learn strategies to calm and refocus. Instructional materials will include the Emotional ABC's program, Zones of Regulation, and role playing. Games, art projects, and group activities will allow students to use their newly-learned skills in real-life situations.</p>	Wanamaker Elementary	June 7-10, 14-17 9:00-10:00am	<a href="#">Kristin Hauser-Kromminga</a>	Kindergarten, 1st	5

# Auburn-Washburn Summer Learning Opportunities 2021

## Additional Offerings to Kick Start into 2021-2022 School Year

### [Auburn-Washburn Kindergarten Bootcamp](#)

Your child's transition into kindergarten can begin with Auburn-Washburn Kindergarten Bootcamp! Each week, students will study a carefully selected book. Then, using the concepts of literacy they will focus on their kindergarten readiness skills in nine different areas. Skills of focus will include self-help, social-emotional, visual, verbal, language development, listening, work habits, gross motor and fine motor skills. Kindergarten Bootcamp will be taught by Auburn-Washburn Kindergarten teachers and are designed to meet the needs of all students. Daily activities will include exploration, math and reasoning, art and creativity, reading and language development, and team building.

Dates: July 20-22 and 27-29

Times: 9:00-11:00 am or 1:00-3:00 pm

Location: Your child's elementary school (home building)
