Performing Arts Storage Addition

Co-curricular Addition (secondary gym only)

Co-curricular Addition (multi-use community pool + secondary gym)

Level 2

Basement

Renovation Levels

- Existing Construction
- Medium Renovation
- Addition

N

The proposed projects provide the following to the Auburn-Washburn community:

The projects are in response to the requests of our constituents, heard during the fall 2019 strategic planning input sessions.

An industry-standard Career and Technical Education addition at WRHS will provide space and valuable opportunities to every student in partnership with evolving occupational needs.

Twice as many early childhood students will be served.

Improvements will expand existing facilities and provide new types of spaces to advance instruction and programming for all students.

To continue excellence in facilities maintenance, upgrades focus on reduced operating costs, safety improvements, and providing flexibility in the yearly capital outlay funds for school-specific requests.

A new middle school will reduce the grade-level team enrollment by half and double the opportunities for co-curricular involvement.

Innovation. Opportunity. Excellence.

NEW to WRMS

- 50% of Building to Be Renovated
- Fully Renovated Library/Media Center
- Fully Renovated Exploratory Classrooms
- Finish Refresh to Classrooms
- Capital Outlay Maintenance and Upgrades
