

Since there will be no charge for meals in 2021-2022, the free and reduced meal application will not be used this year. A Household Economic Survey will be conducted in place of the free and reduced application. If you are seeking to receive free or reduced price school fees, your family must complete this survey. **Directly certified families do NOT need to complete the online form but if you wish to have fees waived you will need to complete and return the paper release form that will be mailed soon.**

For those who are not directly certified, please review information related to the survey to determine if it is beneficial to complete the quick online survey. Benefits of completing the survey include:

- Possible waiving of the Textbook & Technology fee (\$125 per student)
- Possible waiving of activity and participation fees.
- Access to specific funding for Auburn-Washburn that supports your child and their school

In addition, Auburn-Washburn is giving everyone who completes the survey by August 20 a chance to win one of 100 large Glory Days pizzas. Just complete the quick form and you are eligible for the drawing.

If you are close to being at or below the levels on the following sample chart, it is beneficial for your family to complete the form. Household income at or below these levels would likely qualify for free or reduced 2021-2022 school fees.

Household Size	Annual Income
1	\$ 23,828
2	\$ 32,227
3	\$ 40,626
4	\$ 49,025
5	\$ 57,424
6	\$ 65,823
7	\$ 74,222
8	\$ 82,621
9	\$ 91,020
10	\$ 99,419
Each Additional Person	\$ 8,399

All responses are confidential and protected by all applicable state and federal laws. This information will be accessible only to those individuals specifically granted permission to process for free or reduced 2021-2022 school fees.
